

ΒΣΦ Orlando Area Council Chapter Survey 2007-08

Thank you for taking the time to fill out this survey for the Orlando Area City Council and for me, the VP. One of my goals for this year is to find out what the chapters needs and wishes are from Council as far as membership is concerned, and to help them accomplish those needs and wishes. I've been in Orlando for 14 years now, and I don't recall a Chapter Survey ever being done, so the following survey will help you access your chapter and get you started in formulating what those needs and wishes may be. Please take a few minutes at your next chapter meeting or planning meeting at the beginning of the summer to fill out the survey and return it to me by **May 31st**, so that we will have time to review the surveys and get started on planning Membership activities for the upcoming year. Please list any comments, questions or suggestions for City Council that are not covered on the survey on the back of these sheets. Or feel free to use the back of these sheets if you need more room for answers.

The survey is also posted on the Council Website if you prefer to fill it out and email it to me:
